

BEFORE THE STATE ENGINEER OF THE STATE OF UTAH

IN THE MATTER OF EXCHANGE

APPLICATION NUMBER E3364 (35-9951)

MEMORANDUM DECISION

Exchange Application Number E3364 (35-9951), in the name of Tina J. Isaacson, was filed on January 5, 1995, to exchange 1.0 acre-foot of water as evidenced by U.S. Bureau of Reclamation and a contract with Weber Basin Water Conservancy District under Water Right Numbers 35-7395 (A10989) and 35-827 (A27608). The 1.0 acre-foot of water is to be released from Pineview Reservoir into the Ogden River and, in lieu thereof, 1.0 acre-foot of water will be diverted from a six inch well, 100 feet to 400 feet deep, located South 670 feet and West 1520 feet from the NE Corner of Section 21, T6N, R2E, SLB&M, and used for the irrigation of 0.18 acre and the domestic purposes of one family.

The application was advertised in The Ogden Standard-Examiner from February 2, 1995, to February 16, 1995, and was not protested.

It appears that this exchange can be made provided certain precautions are observed.

It is, therefore, **ORDERED** and Exchange Application Number E3364 (35-9951) is hereby **APPROVED** subject to prior rights and the following conditions:

- 1) The basis for this exchange right is a contract between the applicants and Weber Basin Water Conservancy District. This contract must be maintained for this exchange to remain valid. No water may be withdrawn from the well if a contract is not in effect.
- 2) Total diversion under this exchange application for all uses applied for is limited to 1.0 acre-foot of water per year. These uses are limited to irrigation of 0.18 acre and the domestic needs of one family. For the purpose of regulating this exchange, the applicants shall install a permanent totalizing meter to measure withdrawals from the underground water well, which meter shall be available for inspection by the commissioner of the Weber River at any reasonable time.
- 3) The water being exchanged shall be released from Pineview Reservoir as called for by the river commissioner.
- 4) Under the authority of Section 73-3-20 of the Utah Code, the applicant is required to submit a proof diversion and beneficial use of water upon 60 days notification by the State Engineer. The proof shall be in the same form and contain the same elements as required for appropriation or permanent change of water under Section 73-3-16 of the Utah Code Annotated.
